

SMMR

Société Marocaine de Médecine
de la Reproduction

**IXth INTERNATIONAL
CONGRESS**

ART IN THE ERA OF AI

OCTOBER
23th - 25th **2025**

10 YEARS OF ADVANCING
FERTILITY SCIENCE -
**SMMR 10th
ANNIVERSARY**

HOTEL HYATT REGENCY - CASABLANCA

ORGANIZATIONAL STRUCTURE

SEFRIQUI Omar
Honorary President

TAHRI Laila
President

AIT BENKADDOUR Yassir
Vice President

ESSAOUI Mohamed
Vice President

OUZAHER Hamza
Vice President

FILALI Mounir
Vice President

BENJELLOUNE Youssef
Secrétaire général

EL FAZAZI Hicham
Secrétaire adjoint

LOUANJLI Nouredine
Treasury

ZOUAKI Jinane
Assistant Treasury

YAMINE Laila
Assessor

MAJDI Farah

Clinical Workshop

October 23 2:00 PM – 6:00 PM

New advances in
controlled ovarian
stimulation

9th SMMR
Congress

- **Evolution of OS : from standard to personalized protocols**
H. Sallam
- **New pharmacological agents and protocols**
A. EL Ghanmi
- **Ppos : a new game change**
M. Bedaiwy
- **Biomarkers and companion diagnostic for stimulation individualization**
Y. Ait Ben Kaddour
- **AI and machine learning in OS**
E. Pabuccu
- **Advances in triggering final oocyte maturation**
O. Sefrioui
- **Stimulation strategies for POR**
H. Sallam
- **OS in high-risk populations**
O. Sefrioui
- **Duo stimulation vs bi stimulation : which is more rationale ?**
Y. Ait ben kaddour

The presentation duration is 20 minutes

Embryology Workshop

Practical aspects of
ovarian cortex
vitrification

9th SMMR
Congress

October 23 2:00 PM – 6:00 PM

- **Results with Ovary Freezing & Transplantation For Cancer Patients.**

Pr Sherman Silber

- **Ovary dissection and preparation of the ovarian cortex**
- **Preparation of the vitrification medium**
- **Protocol for exposing the ovarian cortex to the vitrification medium**
- **Graft conditioning procedure**
- **Placement in cryotubes and sample storage program**

N. Rodriguez

A. Jones

The presentation duration is **20 minutes**

Foetal medicine Workshop

Foetal brain

9th SMMR Congress

October 23 02:30 PM – 6:00 PM

- **Current tools for the exploration of the fetal brain**
M. Essaoui
- **Anatomical ultrasound approaches for the analysis of the fetal brain across the three trimesters**
H. Saadi
- **Classification systems of cerebral malformations**
S. Feraud
- **The Corpus Callosum in All Its Aspects:**
Imaging L. Yamine
Pediatric outcomes A. Benitto
- **Fetal Infections: Brain Imaging Features and Neonatal Outcome**
R. Lamzibri
R. Rhazlane
- **SMMR recommendations for the study of the fetal cephalic pole.**
SIG

The presentation duration is 20 minutes

Session 1

Unexplained infertility

October 24 8:30 AM – 12:30 PM

- Immunological and endometrial factors
A. Makriganakis
- Impact of sperm in unexplained infertility
M. Benkhalifa
- Role of endoscopy in Unexplained infertility.
O. Sefrioui
- IUI or IVF, what should be the first line ?
Y. Ait Ben kaddour

The presentation duration is 20 minutes

October 24 8:30 AM – 12:30 PM

Keynote lecture:

- **Primordial Follicle Recruitment And Ovarian Longevity**
S. Silber
- **Indicator algorithm for IVF success.**
E. Pabuccu
- **Does ovarian stimulation impact oocyte quality ?**
X. Pollet Villard
- **Integrating AI in patient counseling: the point in 2025**
H. Sallam

The presentation duration is 20 minutes

Session 2

Debates in Infertility

Session 3

Gynecologists vs Embryologists : Face to face

October 24 02:30 PM – 06:30 PM

Keynote lecture:

- **Ovarian aging : the hidden face**
S. Hamamah
- **Endometrium Dialogue, What is the origin of implantation failure?**
Blastocyst: M. Benkhalifa /
Endometrium: H. Sellam
- **Genetic screening and PGT**
Pros: S. Chamayou
Cons: P. Bouet
- **Does RIF still exist ?**
Pros: A. Makrigianakis /
Cons: E. Pabuccu

The presentation duration is 20 minutes

October 24 02:30 PM – 06:30 PM

- **Do we need corpus luteum in FET ?**
P. Bouet
- **Route of progesterone, does it matter ?**
H. Boudrar
- **Optimizing protocol in FET**
A. Pinborg
- **should endometriosis patients undergoing frozen embryo transfer be managed differently for endometrial preparation**
M. Bedaiwy

The presentation duration is 20 minutes

Session 4

Frozen Embryo Transfer (FET)

Session 5

Surgery - Infertility

October 25 *8:30 AM – 12:30 PM*

- **Video surgery presentations and discussion.**
To be defined
- **Endoscopic surgery of chronic endometritis : Is is useful?**
S. Bettocchi
- **New approaches for adenomyosis and fibroids treatments and impact on fertility.**
K. Fichtali
- **Role of hysteroscopic finding in IVF success.**
S. Bettocchi
- **Type III fibroids : why and how to operate?**
H. Ouzaher

The presentation duration is 20 minutes

October 25 *8:30 AM – 12:30 PM*

- **Impact of endometriosis on ART.**
M. Benkhalifa
- **Surgery in patients with endometriosis associated infertility: state of the art in 2025**
M. Bedaiwy
- **Isthmocele removal in 2025 : pros and cons**
A. Ghanmi
- **Treatment of large endometriomas in pre-IVF**
N. Pluchino

The presentation duration is 20 minutes

Session 6

Endometriosis 1

Session 7

Male Infertility from diagnosis to advances treatments

October 25 02:30 PM – 06:30 PM

Keynote lecture:

- **Contribution of AI to the Prediction of Sperm Fertility Index**
M. Choukri
- **Male Infertility: Current Diagnostic Approach and Clinical Pathways**
E. Bakircioglu
- **Varicocelelectomy Before ART: Is There a Proven Benefit?**
I. Ziouziou
- **Medical Treatment in Male Infertility: Rational and Evidence.**
E. Bakircioglu
- **Antioxidants in Male Infertility: Helpful or Harmful?**
I. Ziouziou

The presentation duration is 20 minutes

October 25 02:30 PM – 06:30 PM

Keynote lecture:

- **Demographic issues with decrease in birth : A new world challenge**
N. Guglielmino
- **Endometriosis and adenomyosis in relationship with obstetrical outcome.**
A. Pinborg
- **Early diagnosis of endometriosis and its impact on management**
N. Pluchino
- **Bladder endometriosis : how to treat**
N. Moulay

The presentation duration is 20 minutes

Session 8

Endometriosis 2

Fetal Medicine

Session 1

**Third-trimester
ultrasound: useful or not?
Preeclampsia: what
management in 2025?**

October 24 *8:30 AM – 12:30 PM*

- **In 2025, is the third-trimester ultrasound still useful? A critical analysis.**
P. Rozenberg
- **Latest recommendations on preeclampsia**
P. Guerby
- **Biological and ultrasound markers in the assessment of preeclampsia risk**
M. Choukri / M.Essaoui
- **Preeclampsia: management by the intensive care specialist**
M. Miguil

The presentation duration is 20 minutes

October 24 *8:30 AM – 12:30 PM*

Keynote lecture:

- **Cesarean scar ectopic pregnancy: early diagnosis and management**
F. Layachi
- **Placenta accreta: ultrasound diagnosis and management**
L. Yamine
- **Scarred uterus: SMMR recommendations**
M. Essaoui / R. Lamzibri

The presentation duration is 20 minutes

Session 2

**Uterine scar: how to
protect our patients**

Reproductive Biology

Session 1 Advances in Clinical Embryology

October 25 8:30 AM – 12:30 PM

- **Molecular signature of spermatozoa: Towards precision medicine**
G. Cassuto
- **Les anomalies de fécondation à J1**
L. Ferreux
- **OMICS and Sperm: Orchestrated intelligence at the heart of male infertility**
G. Cassuto
- **Embryonic growth arrest: causes and management**
M. Filali

The presentation duration is 20 minutes

October 25 8:30 AM – 12:30 PM

Keynote lecture:

- **Cairo consensus on accreditation of IVF lab, what's new ?**
X. Pollet Villard
- **Troubleshooting in IVF laboratory**
N. Louanjli
- **Useful Risk Factors for Blastulation**
S. Hamamah
- **Transcript profiling and gene regulation of the human pre-implantation embryo: parental effects and impact of Assisted Reproductive Technologies**
L. Ferreux

The presentation duration is 20 minutes

Session 2 Quality management in IVF lab. and genetics
